

Manometer

The easy to use system for air pressure testing of geomembrane seams.

Features:

- ◆ Simple to operate, Accurate, Low maintenance, Cost Effective.
- ◆ Exclusive shut-off valve prevents possible leakage through the air filler valve.
- ◆ Low-cost Standard replacement needle with sharp pointed tip and cross-hatch hole.
- ◆ Accurate 0-60 PSI gauge with easy to read graduations.
- ◆ Air Test Clamps quickly seal the ends of air channel securely, eliminating the need for a heat gun or torch.
- ◆ Designed to hold up to tough field conditions and abuse.
